

Court of Appeals, State of Michigan

ORDER

Meghan Marie Kuebler v Paul Andrew Kuebler

Docket No. 355553

LC No. 15-002753-DM

Thomas C. Cameron
Presiding Judge

Elizabeth L. Gleicher

Michael J. Kelly
Judges

The motion for reconsideration is DENIED.

Presiding Judge

Gleicher, J., would grant the motion for reconsideration. The relief sought by the appellant would have changed the children's physical custody; the label placed on the motion itself is not determinative. Because appellant seeks to challenge an order denying a motion that in substance sought to change physical custody, I believe that the order qualifies as final under MCR 7.202(6)(a)(iii). Furthermore, I believe that a narrow interpretation of MCR 7.202(6)(a)(iii) presents unnecessary obstacles to appellate review of custodial decisions such as this one, which maintain a status quo that deprives one parent of meaningful parenting time.
